FAIRBANKS®

ANALOG ONYX GENERAL PURPOSE WEIGHING PLATFORMS

Fairbanks' Analog Onyx weighing platforms are technologically advanced bench scales ideal for virtually any non-washdown general weighing application.

VERSATILE AND ECONOMICAL

The Analog Onyx weighing platform is designed to perform day in and day out, in the most trying conditions. It will take the abuse and deliver reliable weighments every time. This platform is available in a wide variety of sizes and capacities to meet all your weighing applications and is rated as the most economical general purpose scale platform on today's market.

GET A GRIP

Ergonomically designed carrying handles are a unique feature, exclusive to the Onyx General Purpose Bench Scale family. These comfortable grips, molded directly into the base of the platform, are not available on competing scales. The handles allow users to easily move the platform wherever it is needed. Height adjustable feet on the base make it simple to level the scale for optimal performance and accuracy.

WORKS WITH A VARIETY OF FAIRBANKS INDICATORS

The Analog Onyx weighing platform can be used with any of Fairbanks' standard analog indicators, including the 2300 Series, 5200A, Sigma Counting Series and Eclipse 5000 check weighing indicator.

LOW PROFILE

The Analog Onyx platform has a lower profile than all competing models and is therefore the choice product to work with. The tallest platform measures less than 2 3/4" tall. It is easier to move product on or off a lower profile scale, so operator fatigue and risk of injury are greatly reduced.

PLATFORM SIZE	PROFILE	CAPACITY
12" x 12"	2.28"	6, 12 or 25 lbs.
14" x 14"	2.38"	60 or 150 lbs.
18" x 18"	2.64"	100 or 300 lbs.
24" x 24"	2.68"	200, 300 or 500 lbs.

SPECIFICATIONS

Cable Length . . . . . 10 foot load cell cable
Overload . . . . . 300% of rated scale capacity
Excitation voltage (VDC) . . . 10
Rated output (mV/V) 1
Output resistance Ω 1,000
Material:
Base . . . . . Valox 533 composite - all models
Top . . . . . Valox 533 composite - 12" x 12" & 14" x 14"
Mild steel - 18" x 18" & 24" x 24"
Resolution . . . . . 3,000-5,000 divisions noncommercial
NTEP COC #. . . . . Pending
